To whom it may concern:

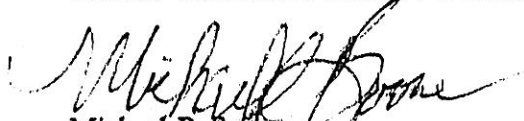

We recently settled a case with a client of Construction Lien Consultants CLC. The dispute had been lingering for over a year and CLC was able to bring the parties together and settle the claim. They handled the case in a thorough and professional manner and we were able to settle without litigation.

Although we were not their client, CLC handled the resolution process in an evenhanded manner and we were very satisfied with the results. CLC kept us informed at every step of the case resolution and coordinated the preparation and exchange of the various documents needed for the settlement. Their prompt and professional handling of the case, their continuous communication throughout the collection process, and their diligence in pursuing closure on the case were excellent.

I am pleased to provide a reference for CLC. I would recommend them to anyone who needs assistance in collecting commercial debts.

Very truly yours,

SWEET CONSTRUCTION CORP.
