RE: ALPHA ONE CONSTRUCTION CORP. / LIEN & DEBT COLLECTION

Dear Mr. Snyder,

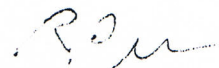

Thank you for helping us in the settlement and recovery of past due monies from a General Contractor on a project we had completed with the Parks and Recreation Department of New York City.

I was very impressed that it took you less than a month for me to receive the check for the past due balance in contrast to many months of us trying to recover said balance due us!

I would definitely recommend the use of your services to any sub-contractor that is unable to get payment from General Contractors after the satisfactory completion of their work.

Thank you.

Sincerely,

Rafael Perez
